COMPETITION RULES

Description: This Cycling – Road Race takes place on rural roads. It will be a 3 lap course of 28km laps (84km). The course is undulating with some technical descents.

It is your responsibility to manage your own safety during the event, to be aware of other road users at all times and to make responsible decisions. There is Traffic Management in place, however, **the roads are OPEN**, and there will be public and official traffic on the circuit during your race. Riders must keep left of the centreline at all times during the event, and where there is no centreline riders must stay to the left half of the road.

We do also ask that whether you are racing, warming up, training or just riding back to accommodation, that you show other road users and residents' courtesy, adhere to all road rules and respect the environment.

Equipment:

Bike: Competitors need to make sure your bike is well maintained and set up properly. This includes checking tyres are inflated and not leaking, drive train is in great working condition, both front and rear brakes are functioning properly, and your seat at the correct height. We recommend you get a professional service prior to the event. Please carry your own spares and tools and know how to use them.

Helmets: Competitors helmets must be compliant with appropriate NZ Transport Agency Standards for use on open roads and must be worn at all times when riding your bike.

Clothing: Competitors should be wearing clothing appropriate for the weather conditions and the type of riding being conducted.

Lights: Whilst not compulsory we **highly** recommend you have a rear red flashing light either fitted to your bike or worn on your back or helmet.

General:

Support Vehicle: Absolutely no support vehicles are allowed on the course on Saturday. There is no need to have support vehicles. Water stops, medical needs and bike mechanics are available on the course.

Stay on left: Do not cross the centre line. Always stay as far left as reasonably practicable.

Keep your line: Maintain a straight line. Practice taking the water bottle out of its cage and food out of your back pocket before the event. During bunch riding wobbling is dodgy. Minimise looking behind you – often it causes you to veer from a straight line.

Signal Hazards: If you see a hazard which would affect the line or momentum of the bunch it is your responsibility to signal to following riders, with subsequent riders continuing the signal further down the group.

Passing: Pass on the Right, not the left.

Age Groups: OPEN | 18-29 | 30-39 | 40-49 | 50-59 | 60+

All Competitors will be eligible for the Open Competition.

Timing: Electronic timing will be used for the Cycling – Road Race Event and is provided by Fastway Timing Systems.
